Q. Since 2007, why have nearly 200 NY Supreme Court Reporters chosen Min-U-Script as their final transcript production software?

A. Easy... it delivers the finest quality, the best features, it's simple to learn and use and provides the value in the marketplace!!!

**SPECIAL FEATURES**

Aside from easy and fast production; the best quality PDF formats (full size, condensed, word indexes); printing, emailing, auto-archiving etc; Min-U-Script offers special features for official reporters:

- Merging of multiple ASCII files from all CAT Systems
- Repagination of multiple files
- Casewide Word Indexes for updating reporters dictionaries
- Special Header/Footer features
- Electronic Signature Insertion
- And much more!

**NY SUPREME COURT REPORTERS  
SPECIAL PRICING  
\$ 295.<sup>00</sup>**

**ONE-TIME LICENSE FEE  
INCLUDES:**

- Two Licenses for Registration on Two PC's
- All Standard and Custom Court Features
- Six Months Tech Support and Software Maintenance
- A 50% SAVINGS OFF OUR REG. LOW PRICE**

In 1990, Min-U-Script® revolutionized the production and use of transcripts with the first condensed transcript and word indexing. For over twenty-seven years, Min-U-Script has been acclaimed for its unequalled quality and features.

In 2007, the Association of Surrogates and Supreme Court Reporters negotiated a Special Pricing program for all reporters, offering both a 50% savings and a highly responsive tech support program.

Now, ten years later, the very same program remains in effect at the very same pricing and support!

And, with the upcoming release of Min-U-Script Pro v.5.0, the tradition continues... the best keeps getting better!

**Still not sure...just ask one of your colleagues!**
